RELAYS RELAYS RELAYS RELAYS RELAYS RELAYS RELAYS RELAYS

For years we in Masters have swum either 200 yard or 200 meter relays of varying descriptions, such as Free, Medley and Mixed.

As of the 86-87 season it became official that 400 and 800 relays could be swum.

Now you can get together and swim a 400 yard or 400 meter Free, Medley and Mixed relay. Records are being kept at local, regional and national levels. In addition if you so desire you can put together a 800 yard or meter freestyle relay.

Oregon Masters wants to get this on the road, so at the very next meet, when relays are called for, get your relay card/cards and fill them out accordingly, do not be concerned that the entry form calls for the same old 200 distance.

One more concern, --- we have all become very lax in giving full names and ages of participants- in a relay, with the lead off person very clearly defined, if the relay cards are not filled out correctly ; full names(first and last), ages, plus total age for the team, clearly state whether Men, Women or Mixed, the relays will not count for anything.

Let us also be sure that we all use the correct combined ages for relays, the official, and only recognized age groups are as follows : 76 +, 100 +, (new) 120 +, 160 +, 200 +, 240 + and 280 +, do not make up any other combined age totals for your teams , such as 130 +, 150 +, etc., the cards will be thrown out and will not count for time or anything.

If you have any questions at the next meet, please take the time to ask someone who knows the correct procedures on relays. Thanks !!!
